## **Statement of intent**

Ebor Academy Trust is committed to maintaining the confidentiality of its information and ensuring that all records within the Academy Trust are only accessible by the appropriate individuals. In line with the requirements of the General Data Protection Regulation (GDPR), the Academy Trust also has a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

The Academy Trust has created this policy to outline how records are stored, accessed, monitored, retained and disposed of, in order to meet the Academy Trust statutory requirements.

This document complies with the requirements set out in the GDPR, effective since 25th May 2018.

## **1. Legal framework**

This policy has due regard to legislation including, but not limited to, the following:

- General Data Protection Regulation (2018)
- Freedom of Information Act 2000
- Limitation Act 1980 (as amended by the Limitation Amendment Act 1980)
- Data Protection Act 2018
- Human Rights Act 1998
- Defamation Act 2013
- Privacy and Electronic Communications Regulations 2003

This policy will be implemented in accordance with the following Academy Trust policies and procedures:

- Data Protection Policy
- Freedom of Information Policy
- E-Safety Policy
- Data Breach Management Policy

## 2. Responsibilities

The Academy Trust as a whole has a responsibility for maintaining its records and record-keeping systems in line with statutory requirements.

The Ebor Academy Trustees hold overall responsibility for this policy and for ensuring it is implemented correctly.

The Headteacher of the School has responsibility to maintain the School records and recordkeeping systems in accordance with the regulatory environment specific to the School. The **Data Protection Officer (DPO)** is responsible for promoting compliance with this policy and reviewing the policy in conjunction with the Academy Trustees.

The Headteacher is responsible for ensuring that all records are stored securely, in accordance with the retention periods outlined in this policy, and are disposed of correctly in line with the Records Retention Schedule (Appendix 1-8)  
SLT members are responsible for enforcing compliance with this policy.

All staff members are responsible for ensuring that any records for which they are responsible for are accurate, maintained securely and disposed of correctly in line with the Records Retention Schedule and properly document their actions and decisions.

## 3. Management of pupil records

Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each School that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievement.

The following information is stored on the front of a pupil record, and will be easily accessible:

Forename, surname, gender and date of birth

- Unique pupil number
- Note of the date when the file was opened
- Note of the date when the file was closed, if appropriate

The following information is stored inside the front cover of a pupil record, and will be easily accessible:

- Ethnic origin, religion and first language (if not English)
- Any preferred names
- Position in their family, e.g. eldest sibling
- Emergency contact details and the name of the pupil's doctor

- Any allergies or other medical conditions that are important to be aware of
- Names of adults with parental responsibility/care for the pupil, including their home addresses and telephone numbers
- Name of the Academy, admission number, the date of admission and the date of leaving, where appropriate
- Any other agency involvement, e.g. speech and language therapist
- Reference to any other linked files

The following information is stored in a pupil record and will be supplied if a Subject Access request is received for the pupil record:

- Admissions form
- Statement/plans for educational support eg SEND, speech and language
- If the pupil has attended an early years setting, the record of transfer
- Annual written reports to parents
- National curriculum and agreed syllabus record sheets
- Notes relating to major incidents and accidents involving the pupil
- Any information about an education and healthcare plan (EHCP) and support offered in relation to the EHCP
- Any notes indicating child protection disclosures and reports are held
- Any information relating to exclusions
- Any correspondence with parents or external agencies relating to major issues, e.g. mental health
- Notes indicating that records of complaints made by parents or the pupil are held
- Current data collection sheet
- The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil in the Academy office:
  - Absence notes
  - Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
  - Correspondence with parents about minor issues, e.g. behaviour

Hard copies of disclosures and reports relating to child protection are stored in a sealed envelope, in a securely locked filing cabinet in the Academy office – a note indicating this is marked on the pupil's file.

Hard copies of complaints made by parents or pupils are stored in a file in the Headteacher's office – a note indicating this is marked on the pupil's file.

Actual copies of accident and incident information are stored separately on the Academy Trusts accident reporting system and held in line with the retention periods outlined in this policy (Appendix 1) – a note indicating this is marked on the pupil's file. An additional copy may be placed in the pupil's file in the event of a major accident or incident.

The school will ensure that no pupil records are altered or amended before transferring them to the next education establishment that the pupil will attend.

Electronic records relating to a pupil's record will also be securely transferred to the pupils' next education establishment.

The Academy will not keep any copies of information stored within a pupil's record, unless there is ongoing legal action at the time during which the pupil leaves the Academy. The responsibility for these records will then transfer to the next education establishment that the pupil attends.

The school will, wherever possible, avoid sending a pupil's record by post. Where a pupil's record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The next education establishment it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the Academy.

#### **4. Records Not Forming Part of the Pupil Record**

The following record types should be stored separately from the main pupil record, as they are usually subject to shorter retention periods (please see the Retention Schedule section); they should not be forwarded to the pupil's next School:

- Attendance registers and information
- Absence (authorised) notes and correspondence
- Parental consent forms for trips/outings
- Accident forms (a copy can be placed on the pupil record if it is a major incident)
- Medicine consent and administering records (this is the school's record)
- Copies of birth certificates, passports, etc.
- Generic correspondence with parents about minor issues (i.e., 'Dear Parent')
- Pupil work, drawings, etc.
- Previous data collection forms which have been superseded (there is no need to retain these)
- Photography (image) consents (this is the school's record).

#### **5. Storage and Security**

All pupil records and associated information should be stored securely to maintain confidentiality, whilst keeping information accessible to those authorised to see it. Electronic records should have appropriate security and access controls in place; equally, paper records should be kept in lockable

storage areas with restricted access. Not everyone in a School has a need to access all of the information held about a pupil; this is particularly relevant to child protection information [see also the section on Information Security in this toolkit].

## 6. Transfer of Pupil Records

It is vital to ensure swift transfers of information to the new School to ensure appropriate decisions can be made regarding a pupil, using relevant and accurate information. The following should be transferred to the next school within 15 school days of receipt of confirmation that a pupil is registered at another school:

- Common Transfer File (CTF) from the School Information Management System via the school2school system, when used
- Any elements of the pupil record, held in any format, not transferred as part of the CTF
- SEN or other support service information, including behaviour, as only limited information may be included in the CTF
- Child protection information; this must be sent securely as soon as possible by the Designated Safeguarding Lead (DSL) or a member of their team to their equivalent at the new School.

Schools must ensure the information is kept secure and traceable during transfer:

- Records can be delivered or collected in person, with signed confirmation for tracking purposes
- Pupil records should not be sent by post. If the use of post is absolutely necessary, records should be sent by 'Special Delivery Guaranteed' or via a reputable and secure courier to a pre-informed named contact, along with a list of the enclosed files. The new school should sign a copy of the list to confirm receipt of the files and securely return to the previous school
- If held electronically, records may be sent to a named contact via secure encrypted e-mail, or other secure transfer method

If the pupil is transferring to an independent school, the existing School should transfer copies of relevant information only and retain the original full record as the last known School.

If a request is received to transfer the pupil record or other information about a pupil to a school outside of the European Union (EU), schools should contact the Local Authority or their Data Protection Officer for further advice

## 7. Records Relating to Sexual abuse

Schools must retain all records which contain information about allegations of the sexual abuse of pupils. These records should be kept indefinitely as long as the [Independent Inquiry into Child Sexual Abuse](#) is active.

## 8. Disposal of data

Where disposal of information is outlined as standard disposal, this will be recycled appropriate to the form of the information, e.g. paper recycling, electronic recycling.

Where disposal of information is outlined as secure disposal, hard copies will be shredded. Deletion of electronic data should be suitable for the type of information. The School's IT provider will advise on the most appropriate up to date method of deletion from: overwriting, degaussing, physical destruction, dismantling, sanding or submerging in water (USBs). The Scholl Business Partner (SBP)/DPO will keep a Data Destruction Log to record of all files that have been destroyed.

Where an external provider is used to destroy confidential hard copy waste, the records should be shredded on site. The provider should produce a certificate of destruction. Staff working for the external provider should be trained in the handling of confidential documents and this should be confirmed with the provider. A contract must be in place between the data controller (the school) and the processor (the contractor) which outlines their obligations, responsibilities and liabilities.

Where the disposal action is indicated as reviewed before it is disposed, the Safeguarding Lead/ SENCO/ DPO will review the information ~~against its~~ – if the information should be kept, the SBP will keep a record of this.

If, after the review, it is determined that the data should be disposed of, it will be destroyed in accordance with the disposal action outlined in this policy.

Where information has been kept for administrative purposes, the Safeguarding Lead/ SENCO will review the information again after three years and conduct the same process. If it needs to be destroyed, it will be destroyed in accordance with the disposal action outlined in this policy. If any information is kept, the information will be reviewed every three subsequent years.

Where information must be kept permanently, this information is exempt from the normal review procedures
